CFES Educator Scope of Practice

The CFES Educator Certification is meant to teach CFES modules and professional workshops. Some of the workshops may be shorter in length (i.e. re-certification workshops), however most Educators will be responsible for teaching the various CFES certification modules. The Educator will collaborate or contract with CFES in developing and presenting new workshops or they will come to CFES with a pre-established workshop to be CFES recognized for recertification credits and CFES distribution.

are those students who have been cleared by a qualified health professional (e.g. medical doctor) for unrestricted physical activity using a PAR-Q, PAR Med-X, or PARmed-X for Pregnancy screening tools. This is especially important when the workshop is activity based. The Educator may also decide to issue an informed consent to the participants. The Educator will: Provide education to other fitness professionals and the general public; Facilitate the CFES certification modules and re-certification workshops; Either free lance (setting up CFES certification modules and re-certification workshops in own or rented space), contract to an organization to offer and or manage their CFES certification modules and recertification, or work as a employee to teach modules or CFES recertification programs as part of their job description. Be welcome to be a part of CFES Speaker Bureau; Value each student as a person; Provide knowledge, advice, and resources to the student in order to enhance their learning experience; Provide guidance, motivation, emotional support, and role modeling; Assess a student's level of competency and expertise in the CFES module by properly using the marking tools provided; Use objectivity when marking, use the standards of excellence to base your marking, and specifically follow the marking protocol outlined in each module; Maintain and uphold the standards of excellence and the credibility of the CFES certification model by using fair judgement, professionalism, and expertise at all times; Provide feedback on the student's performance and set goals for future growth and development; Evaluate students to ensure that they achieve the performance standards and the competencies as outlined by CFE Approve the certification of that student. In doing so, the educator must be able to state that the student has met all of the course and certification exit criteria as presented in detail in the CFES Presenter and Educator Hanbook of Policies, Procedures and Protocols.	an	d CFES distribution.

Liability Insurance and the Fitness Professional

Who needs liability insurance?

As a fitness professional, you have a professional responsibility to operate within your scope of practice and to protect yourself from the possibility of a law suit. While a law suit is only credible if there is intentional misconduct or negligence on the part of the educator which results in damage or loss to the student, it is prudent for educators to be covered personally or through their employer. Because most Educators are working fitness professionals, most will already carry some form of insurance. It is important to discuss your various roles with the insurance company to ensure that all responsibilities are covered.

Procedures to Protect Against a Negligence Suit

Liability

Refers to the responsibility to provide services in a reasonable, prudent manner in accordance with current professional standards.

Negligence

Refers to the failure to act as a reasonable and prudent person would under similar circumstances. Negligence is carelessness, inattention, disregard, inadvertence or oversight that was accidental but avoidable.

become certified as an Educator through a provincially and nationally recognized organization like CFES,
Become certified in CPR and Fitness First Aid. Know emergency procedures for the facility and where the first aid kit
is kept;
Stay current and up to date through continuing education. CFES offers certified members access to an online maga-
zine, articles, videos, networking blogs; online store for equipment, education and recognized variety of re-certification
workshops, courses and development through three levels of certification;
Subscribe to a professionally recognized magazine or journal to keep up on current literature.

Lia	ability Insurance
	Study and understand legal liability and types of insurance coverage. See info on CFES website;
	Be educated on the differences between group and individual insurance policies;
	Discuss all responsibilities and scenarios with the insurance company in order to be clear about when and where you
	need coverage;
	Ensure that employers carry facility and third party liability coverage. It is important to ask your employer what coverage is in place and obtain a copy of the policy for your records.
	When working as a Educator, it is possible that you will be working as a contractor, therefore you must carry your own insurance (i.e. the facility does not cover you while conducting an evaluation in their facility, unless you are an em-
	ployee, being paid by the facility NOT the student);
	Purchase personal liability insurance privately or through CFES liability provider Holman Insurance as a certified
	member.
	Holman Insurance offers CFES certified members an individual liability policy from one million to five million dollar
	coverage. Please be clear when purchasing this policy Holman Insurance recommends specific professional conduct
	and recommends you to follow basic health screening protocols by use of CSEP's PAR-Q / PARmed-X and PAR-
	med-X for Pregnancy and to refer clients to the appropriate health/fitness professionals where indicated to receive
	coverage.
	For further information and application go to http://canadianfitness.net/certification/insurance-info.html
	ocumentation
	In a journal clearly document any negative outcomes during the module (i.e. demonstrated frustration, threats, etc.).
Ш	Clearly document any accidents or injuries that happen during the module; administering and retaining Health Screen-
	ing Forms, Accident Report Forms, and keeping a journal.
	Document efforts to provide a consistently high quality of education: preparing and keeping outlines for the session, administering and obtaining learning needs surveys and satisfaction surveys.
	Document any evaluation or test results, consistently following the marking procedures;
	Be consistent, fair, and non-biased;
	Clearly document whether the student passed or failed;
	In a journal clearly document any negative outcomes (i.e. demonstrated frustration, threats, etc.).
